# ALL ABOUT HACK(H)ER413

**Hack(H)er413** is the first women and nonbinary focused hackathon in Western Massachusetts! We are a student-run organization and our mission is to **advance diversity and inclusion in technology.**

Our organization is supported the **UMass Amherst Manning College of Information and Computer Sciences.** We work closely with **CICS Careers** and the **Diversity and Inclusion Office.**

**Fun Fact:** We were featured in the 2021, 2022, 2023, and 2024 Grace Hopper Conference!

# WHY SPONSOR HACK(H)ER413?

At Hack(H)er413, we strive to empower women and nonbinary students by creating an environment to further support diversity and inclusion in the technology industry. This includes the hackathon itself, the diversity panel, and parity among all attendees throughout the event.

In 2024, we hosted over **400 students** from across the country from over **84 universities**. Of these students, **60% were women or nonbinary**, with **44 projects** submitted.

We reach out to you because sponsors are the **cornerstone of Hack(H)er413's success**. Sponsors not only help create a platform for students to get together and feel a sense of community and belonging, but also help to keep the event accessible to everyone. As a sponsor, you meet talented students from New England and beyond, providing them with the opportunity to learn and create new and innovative technologies.

At our **in-person Career Fair**, sponsors can promote their company, its mission, and inspire interest in students—whether that is a form of a potential dream company or an internship. Sponsors can hire students from a targeted audience and receive the resumes of students after the hackathon. Sponsors are also given the chance to create their own prize categories, host workshops for relevant technologies and ideas or even mentor students.

Together, we have helped students explore technology, build impactful projects, and establish their careers. **We are excited to have you partner with us to create a memorable experience for attendees!**
